The unwavering support poured in, making this event another roaring triumph! Big thanks to all who made it happen!

Asclepius Medical  
Camp For Youth

Why do we care?

Studies have shown that  
students from low  
socioeconomic backgrounds  
make up less than 5% of  
medical school classes.

We are a group of first and  
second year medical  
students aiming to expose  
underrepresented youth  
to the medical field.

We are offering a FREE  
summer camp from July 24th-  
26th, 2024 to 40 grade 10-12  
students from rural Alberta  
with an interest in medicine  
and other allied health  
professions.

### What Will We Be Doing?

### Testimonials From Past Participants

"It really has shown me that medicine is something I want to go into, and it doesn't matter if you have money for it or not. If you're passionate about it, you can just go for it."

"I did not expect to enjoy it as much as I did."

"I honestly enjoyed this camp! I questioned whether or not waking up early was worth it, but it definitely was. You all were so nice and I've looked at you all as my mentors this past week. I will miss this camp and remember it forever. I feel well informed about medicine and I hope to choose my dream."

"I feel fully motivated to grab a good hold of my future."

Apply by June 9th!

# FOODS 10

Some of the Foods 10 students are true dedicated Oilers fans! They put a tremendous amount of effort, expressiveness, and hard work into creating some fantastic looking desserts! These students got in the hockey playoff spirit while baking two layered cakes in the process! Speaking of spirit, we also had our very own Charles Spencer cake design!

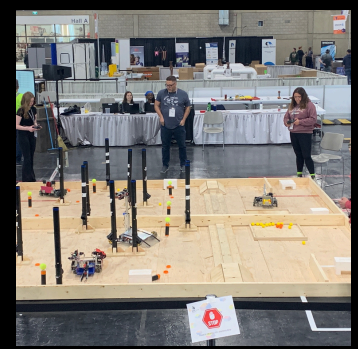

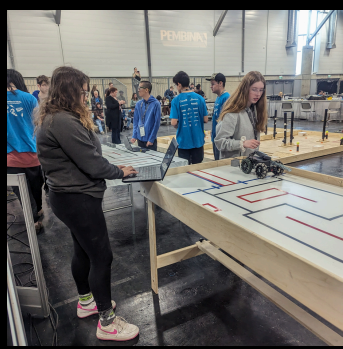

Who can't wait for the flowers to bloom?! Our Foods 10 students brought out the summer feelz in these beautiful flower cakes! Not only did they look amazing, but they also tasted delicious!!

# CSHS Skills Competition 2024

CSHS students gathered in Edmonton for a provincial competition. Skills Canada Alberta, founded in 1992, is linked to a national body that encourages young individuals to pursue careers in skilled trades and technology. At this two-day event, students had the opportunity to connect with peers from across Canada as well as professionals in various industries.

*Great job skills students!
