

Course Name	Course Length	Course Description	Prerequisites/ Recommendations	Course Fee
<b>Aboriginal Studies 30</b>	One Semester	Students explore and experience First Nations, Metis, Inuit culture and perspectives related to a wide array of topics. Issues facing Indigenous Peoples in both Canada and around the world are considered. Students are required to have Social Studies at the 20 level in order to enroll in this course. Students in Grade 12 will be given first consideration.	Social 20-2/Social 20-1 or Aboriginal Studies 25.	None
<b>Academy Athletics 10</b>	Full Year	Multisport Academy Athletics is designed to meet the needs of athletes looking to develop their physical skills through a variety of sport experiences and an individualized approach to training. Students receive credit for PE 10 and 5 Fitness & Recreation credits.	None	\$400.00
<b>Academy Athletics 11</b>	Full Year	Multisport Academy Athletics is designed to meet the needs of athletes looking to develop their physical skills through a variety of sport experiences and an individualized approach to training. Students receive credit for PE20 & PE30	Academy Athletics 10, or Phys Ed 10 and Fitness 10	\$400.00
<b>Academy Athletics 9</b>	Full Year	Multisport Academy Athletics is designed to meet the needs of athletes looking to develop their physical skills through a variety of sport experiences and an individualized approach to training.	None	\$400.00
<b>Academy Golf 10/11/12</b>	Quarter 4 Only	Students travel from the school to the Grande Prairie Golf and Country Club for this class. A golf membership is included (for the student) in the price of the course.	None	\$1,550.00
<b>Academy Golf 9</b>	Quarter 4 Only	Students travel from the school to the Grande Prairie Golf and Country Club for this class. A golf membership is included (for the student) in the price of the course.	None	\$1,550.00
<b>Academy Hockey 10/11/12</b>	One Semester or Full Year	The class runs twice each week during Block 1 at the Design Works Center. Hockey Athletes work on individual skill development.	None	\$1500 or \$3000
<b>Academy Hockey 9</b>	Full Year	The class runs twice each week during Block 1 at the Design Works Center. Hockey Athletes work on individual skill development.	None	\$3,000.00
<b>Accounting 10</b>	One Quarter	This course is an introduction to the professional career of Accounting, which is keeping track of the financial actions of a business. Success in this course requires good reading comprehension and math skills and the ability to logically solve financial errors.	Highly recommended: 60% in Math 9 and Language Arts 9.	\$20.00
<b>Accounting 20</b>	One Quarter	Training in accounting will give students practical skills they can apply as future business owners, bookkeepers, accountants, and numerous other professional roles.	Accounting 10	\$20.00

<b>Accounting 30</b>	One Quarter	Training in accounting will give students practical skills they can apply as future business owners, bookkeepers, accountants, and numerous other professional roles.	Accounting 20	\$20.00
<b>Art 10</b>	One Semester	Focus is on developing basic skills and understanding in the elements of art (line, shape/form, value, texture, colour, and space) and principles of design (emphasis, balance, contrast, repetition, pattern, movement, and variety). Students are encouraged to explore the mediums, develop their own creative process, and create unique works of art. Critique and the development of conceptual ideas is introduced.	None	\$30.00
<b>Art 20</b>	One Semester	Art 20 focuses on refining artistic techniques as well as developing a creative voice. Students work through a series of units exploring conceptual ideas and communicating meaning in their artwork. Students further develop skills in elements of art and principles of design. Students continue to explore a variety of mediums, develop their own creative process, and create unique works of art.	50% or better in Art 10.	\$30.00
<b>Art 30</b>	One Semester	Art 30 pushes students to develop their own artistic style, conceptual themes, and refining techniques in various mediums. Students work through drawings and independent studio projects over the course of the term. Students further refine their application of the elements of art and principles of design. Critique and the development of conceptual ideas is further encouraged in the Art process.	50% or better in Art 20.	\$30.00
<b>Art 9</b>	One Semester	This quarter class will focus on the Elements of Art and Principles of Design. Students will demonstrate fundamentals as they apply to various assignments and using a variety of media (pencil, paint, pastels, clay, etc.)	None	\$20.00
<b>Band</b>	Full Year	The Charles Spencer Band is composed of wind instruments and percussion and plays a blend of modern/contemporary music and classical. experience in Junior High band or orchestra is an asset, but not required. Beginners welcome.	Experience in Junior High band or orchestra is an asset, but not required.	None
<b>Band 9</b>	Full Year	The Charles Spencer Band is composed of wind instruments and percussion and plays a blend of modern/contemporary music and classical. Previous experience in band or orchestra is an asset, but not required. Beginners welcome.	Previous experience in band or orchestra is an asset, but not required.	None
<b>Basic Automotives 9</b>	One Quarter	Students will study modern automotive technology and design through both practical and theoretical methods.	None	\$30.00
<b>Beginning Guitar 9</b>	One Quarter	Shred with the BEST! Beginner level guitar.	None	\$20.00

<b>Biologie 20</b>	One Semester	Academic track course designed to prepare students for many university and college programs.	Recommended 60% in Science 10FI.	None
<b>Biologie 30</b>	One Semester	Academic track course designed to prepare students for many university and college programs.	Recommended 60% in Biology 20FI.	None
<b>Biology 20</b>	One Semester	Academic track course designed to prepare students for many university and college programs.	Recommended 60% in Science 10	None
<b>Biology 30</b>	One Semester	Academic track course designed to prepare students for many university and college programs.	Recommended 65% in Biology 20	None
<b>Business 10</b>	One Quarter	Intro to business, Welcome to the world of business as an occupation! You will be introduced to commerce and elements of business. Explore the various concepts of entrepreneurship and learn skills required for that area. Students will work through all the elements of a business plan as they prepare for a future business.	None	\$20.00
<b>Business 20</b>	One Quarter	Intermediate, Students will expand what they have been taught in Business 10 and apply those skills to a more hands on business opportunity as a special project to be run in the school.	Business 10	\$20.00
<b>Business 30</b>	One Quarter	Students will take their knowledge and skills learned from Bus 20 and extend those processes to a venture located outside of classroom and school operations.	Business 20	\$20.00
<b>CALM 20</b>	One Quarter	Career and Life Management course focussing on the skills and education needed for life after high school.	Mandatory for a high school diploma.	None
<b>Chemistry 20</b>	One Semester	Academic track course designed to prepare students for many university and college programs.	Recommended 60% in Science 10.	None
<b>Chemistry 30</b>	One Semester	Academic track course designed to prepare students for many university and college programs.	Recommended 60% in Chemistry 20.	None
<b>Chimie 20</b>	One Semester	Academic track course designed to prepare students for many university and college programs.	Recommended 60% in Science 10FI.	None
<b>Chimie 30</b>	One Semester	Academic track course designed to prepare students for many university and college programs.	Recommended 60% in Chimie 20.	None

<b>Choir</b>	Full Year	Choir is an ensemble based class that runs all year. It is a beginner friendly music course where students will perform and learn to read music and sing correctly.	None	None
<b>Choir 9</b>	Full Year	Choir is an ensemble based class that runs all year. It is a beginner friendly music course where students will perform and learn to read music and sing correctly.	None	None
<b>Computers and Robotics 9</b>	One Quarter	Computers and Robotics 9 focuses on programming and robotic design through games, competitions and game development.	None	\$20.00
<b>ComputerTech 20</b>	One Quarter	Computer Tech 20/30 focuses on computer hardware, networking and other computer system aspects. This is an excellent pathway for students interested in Information Technology and is focused on preparing students for CompTIA A+ Certification.	Robotics & Computer Tech 10	\$40.00
<b>ComputerTech 30</b>	One Quarter	Computer Tech 20/30 focuses on computer hardware, networking and other computer system aspects. This is an excellent pathway for students interested in Information Technology and is focused on preparing students for CompTIA A+ Certification.	Computer Tech 20	\$80.00
<b>Computer Science 10</b>	One Quarter	This is an alternate pathway to Robotic and Computer Tech 10, covering the Computer Science 20 pre-reqs for students who want to focus on programming.	None	None
<b>Computer Science 20</b>	One Semester	Computer Science 20 focus on computer programming concepts using the Python programming language. It's a good skill development pathway for people interested in careers as computer programmers, scientists and engineers.	Robotic & Computer Tech 10 or Computer Science 10	None
<b>Computer Science 30</b>	One Semester	Computer Science 30 focus on computer programming concepts using the Python programming language. It's a good skill development pathway for people interested in careers as computer programmers, scientists and engineers.	Computer Science 20	None
<b>Construction and Design Technology 9</b>		An introduction to the exciting world of wood shop. You will learn shop safety skills along with basic tools you would find in most shops in the real world. We make exciting, practical projects using exotic wood from all over the world, that you will enjoy for years after you've taken this class. If you love working with your hands and creating very unique and fun projects, Construction 9 is for you!	None	\$25.00
<b>Cosmetology 10</b>	One Quarter	Cosmetology 10 (beginning) focuses on developing the knowledge and skills required to maintain a personal health plan. Students will analyze and describe the structure and condition of the scalp and hair. They will also learn how to choose the appropriate shampoo and conditioner and how to properly wash mannequins and other students' hair. Additionally, students will learn to use a variety of hot tools for styling dry and wet hair.	None	\$60.00

<b>Cosmetology 20</b>	One Semester	Cosmetology 20 (Intermediate) builds on the skills learned in Cosmetology 10, and students will continue to learn different hair skills and techniques. They will learn to create updo hairstyles and demonstrate practical skills by learning various perm designs on a mannequin. The course also covers basic hair colouring techniques and a few haircuts. This course consists of practical and theoretical components.	Cosmetology 10	\$60.00
<b>Cosmetology 30</b>	One Semester 2 Blocks/ Semester 1	Cosmetology 30 (Advanced) is an advanced course that focuses on colour, hairstyling, and haircutting. The course builds on the skills learned in Cosmetology 20.	Cosmetology 20	\$60.00
<b>Cosmetology 9</b>	One Quarter	This course focuses on developing the knowledge and skills required to maintain a personal health plan.	None	\$40.00
<b>Cultural and Physical Anthropology 30</b>	One Quarter	Where did our modern society come from? How have we come to "do things the way we do" them today? Anthro 30 offers students understanding of humans and humanity, and will explore the cultural artifacts, ways of knowing, and relationships humans have to each other and the world. Consider human cultures from the distant past to today, and beyond into our future!	None	None
<b>Digital Music 10</b>	One Quarter	The Digital Music option is offered to students in grades 9 through 12. It is an audio technology-based course where students will learn technical skills that can be used to create projects like podcasts, video game sound effects, basic audio engineering techniques, original music compositions, and live recording skills. Students are not required to have music theory for this course. You will learn how to use midi controller technology and a digital audio workstation (DAW) with all your projects. If you have an interest in developing audio content as a future career, then the Digital Music option is a great way to begin developing your portfolio for post-secondary training.	None	\$20.00
<b>Digital Music 9</b>	One Quarter		None	\$20.00
<b>DRAMA</b>	One Quarter	DRAMA includes Drama 10, 20 and 30. Each level requires a different focus. Drama 10's focus is Acting and character work. Drama 20's focus is Playwriting. Drama 30's focus is Directing.	Drama 10 - no prerequisite. Drama 20 - prerequisite is 50% in Drama 10. Drama 30 - prerequisite is 50% in Drama 20	None
<b>Drama 9</b>	One Quarter	Students will play games and interact with one another such as to build community and a positive sense of self.	None	None
<b>English 10-1</b>	One Semester	Academic track course designed to prepare students for many university and college programs. Increased emphasis on academic writing and reading.	Recommended for students with 60% or higher in Language Arts 9.	None
<b>English 10-2</b>	One Semester	Diploma track course with easier reading and emphasis on practical writing for entering the work world or Trades.	Recommended for students with 59% or lower in Language Arts 9.	None

<b>English 20-1</b>	One Semester	Academic track course designed to prepare students for many university and college programs. Increased emphasis on academic writing and reading.	Recommended for students with 60% or higher in English 10-1.	None
<b>English 20-2</b>	One Semester	Diploma track course with easier reading and emphasis on practical writing for entering the work world or Trades.	Prerequisite - 50% or higher in English 10-2 or 40-49% in English 10-1.	None
<b>English 30-1</b>	One Semester	Academic track course designed to prepare students for many university and college programs. Increased emphasis on academic writing and reading.	Recommended for students with 60% or higher in English 20-1	None
<b>English 30-2</b>	One Semester	Diploma track course with easier reading and emphasis on practical writing for entering the work world or Trades.	Prerequisite - 50% or higher in English 20-2 or 40-49% in English 20-1.	None
<b>Environmental and Outdoor Education 9</b>	One Quarter	Designed for students who are interested in experiencing and learning about the outdoors. Outdoor cooking, shelter building, navigation skills and survival skills are all an integral part of this course.	None	\$20.00
<b>Etudes Sociales 10-1</b>	One Semester	Academic track course designed to prepare students for most university or college programs. Increased emphasis on academic writing in French.	Recommended for students with 60% or higher in Etudes Sociales 9.	None
<b>Etudes Sociales 10-2</b>	One Semester	Diploma track course. Same general content as Etudes Sociales 10-1, with an easier reading level and less emphasis on writing in French.	Recommended for students with 59% or lower in Etudes Sociales 9.	None
<b>Etudes Sociales 20-1</b>	One Semester	Academic track course designed to prepare students for most university or college courses. Increased emphasis on academic writing in French.	Recommended for students with 60% or higher in Etudes Sociales 10-1.	None
<b>Etudes Sociales 20-2</b>	One Semester	Diploma track course. Same general content as Etudes Sociales 20-1, with an easier reading level and less emphasis on writing in French.	Prerequisite - 50% or higher in Etudes Sociales 10-2 or 40-49% in Etudes Sociales 10-1.	None
<b>Etudes Sociales 30-1</b>	One Semester	Academic track course designed to prepare students for most university or college courses. Increased emphasis on academic writing in French.	Recommended for students with 60% or higher in Etudes Sociales 20-1.	None
<b>Etudes Sociales 30-2</b>	One Semester	Diploma track course. Same general content as Etudes Sociales 30-1, with an easier reading level and less emphasis on writing in French.	Prerequisite - 50% or higher in Etudes Sociales 20-2 or 40-49% in Etudes Sociales 20-1.	None
<b>Etudes Sociales 9</b>	One Semester	Etudes Sociales is mandatory for all Grade 9 French Immersion students.	None	None

<b>Fantasy and Science Fiction 15</b>	One Quarter	Students will experience a wide range of fantasy and science fiction works from around the world and different time periods. Themes will be explored through films, novels, short stories and art.	None	None
<b>Craft and Design 9</b>	One Quarter	Students will learn some of the basic skills and theories needed to pursue fashion design or sewing and textile arts as a hobby or future career!	None	\$40.00
<b>Film and Media Art 15</b>	One Quarter	Film and Media Art explores film genres, elements that make up film, and cinematic history .	None	None
<b>Film and Media Art 25</b>	One Quarter	Students continue to explore film genre, film techniques, and the history of cinema.	50% or higher in Film and Media Art 15	None
<b>Film Studies 9</b>	One Quarter	An introduction to film genre, providing students with the tools to make sense of visual culture in the 21 Century.	None	None
<b>Fitness 10</b>	One Quarter	Students are given the opportunity to further develop their physical fitness, and to get a competitive advantage in their athletics, or to get healthy and active.	None	\$20.00
<b>Fitness 20</b>	One Quarter	Cardiovascular training, muscular fitness, flexibility and nutrition are key to Fitness 20.	Prerequisite - Fitness 10	\$20.00
<b>Fitness 30</b>	One Quarter	A continuation of cardiovascular training, muscular fitness, fitness training and flexibility.	Prerequisite - Fitness 20	\$20.00
<b>Foods 10</b>	One Quarter	Gain valuable skills and expertise in the art and science of cooking! Food basics, contemporary baking and meal planning are all a part of Foods 10.	None	\$60.00
<b>Foods 20</b>	One Quarter	Continue your food journey with experience in modules such as rush-hour cuisine and cake and pastry creations!	Foods 10	\$60.00
<b>Foods 30</b>	One Quarter	Short order cooking, creative baking, and food presentation are all part of Foods 30!	Foods 20	\$60.00
<b>Foods 9</b>	One Quarter	Beginning cooking, (21 labs), safety, recipe following and being able to cook meals on their own at home when completed.	None	\$40.00
<b>Forensic Studies 25</b>	One Quarter	Forensic science focusses on applying scientific methods to crime and law. Topics included are blood analysis, hair analysis, DNA, toxicology, fingerprints and possible career considerations.	Students must pass Science 10 or Science 14 before taking this course.	None

<b>Forestry</b>	One Quarter	This Forestry course is designed to foster student understanding of — and appreciation for — the forested lands of Canada. Students will be given opportunities for hands-on forest studies and address concepts in orienteering, ecology, economics, forest management, and other content areas. Students will be touring local sawmills and area woodlands to gain a wider understanding of the importance of forests in our community.	None	\$20
<b>French 10 3Y</b>	One Semester	Beginner level French focussing on speaking and listening skills, focussing on the personal context of describing families, friends and interests.	None	None
<b>French 10 9Y</b>	One Semester	Students will expand on their French language skills, describing relationships, personal interests and interacting with others.	French taken in Grades 4-9	None
<b>French 20 9Y</b>	One Semester	Students will expand on their French language skills, describing relationships, personal interests and interacting with others.	Prerequisite - 50% or higher in French 10 9Y	None
<b>French 20-3Y</b>	One Semester	Students will expand on their French language skills, describing relationships, personal interests and interacting with others.	Prerequisite - 50% or higher in French 10 3Y.	None
<b>French 30 9Y</b>	One Semester	By the end of French 30 9Y, students should be able to express themselves in basic situations, and understand the spoken French language.	Prerequisite - 50% or higher in French 20 9Y.	None
<b>French 30-3Y</b>	One Semester	By the end of French 30 3Y, students should be able to express themselves in basic situations, and understand the spoken French language.	Prerequisite - 50% or higher in French 20 3Y.	None
<b>French Language Arts 10</b>	One Semester	Several genres of literacy are components of this course, as well as oral fluency. Grammar and the study of idiomatic expressions are other important elements.	Recommended for students with 60% or higher in French Language Arts 9.	None
<b>French Language Arts 20</b>	One Semester	Continued emphasis on grammar, essays and oral presentations. Study of literature is continued through plays, novels and other genres.	Recommended - 60% or higher in French Language Arts 10.	None
<b>French Language Arts 30</b>	One Semester	The study of several novels and/or plays is the core of this course. Greater emphasis is placed on the precision of vocabulary used in spoken and written French. A diploma exam is written upon completion of this course.	Recommended for students with 60% or higher in French Language Arts 20.	None
<b>French Language Arts 10-2</b>	One Semester	Similar content to FLA 10, but with reduced writing expectations and easier reading selections.	Recommended for students with 59% or lower in French Language Arts 9	None

<b>French Language Arts 20-2</b>	One Semester	Similar content to FLA 20, but with reduced writing expectations and easier reading selections.	Recommended for students with 50% or higher in French Language Arts 10-2 or 40-49% in French Language Arts 10-1.	None
<b>French Language Arts 30-2</b>	One Semester	Similar content to FLA30, but with reduced writing expectations and easier reading selections. No diploma exam is written in this course.	Recommended for students with 50% or higher in French Language Arts 20-2 or 40-49% in French Language Arts 20-1.	None
<b>French Language Arts 9</b>	One Semester	French Language Arts 9 is mandatory for all Grade 9 French Immersion students.	French Language Arts 8	None
<b>French Second Language 9</b>	One Semester		None	None
<b>General Psychology 20</b>	One Quarter	General Psychology examines the beginning of modern psychology. You will also study behavior disorders and their treatment, emotional concerns, and facing frustration and conflict	None	None
<b>General Sociology</b>	One Quarter	General Sociology focusses on cultural values, norms and behaviors, as well as the deviations from cultural norms.	None	None
<b>Guitar</b>	One Semester	Shred with the BEST! All levels of guitar players are welcome - including beginners.	None	\$20.00
<b>Health Sciences</b>	One Quarter	Students will gain knowledge and practical skills that will be beneficial in the pursuit of a health-related career. The basic principles of anatomy, physiology and disease will be covered.	None	None
<b>Investment Strategies 30</b>	One Quarter	Students will be introduced to the capital market and available options in wealth creation and investment portfolios. You will learn about the importance of financial planning and how it relates to stock markets, bond markets, mutual funds, real estate as income property. Students will participate in a mock stock market challenge managing \$100 000.00.	None	\$20.00
<b>Journalism 9</b>	One Quarter	In this course students experiment with creating different journalistic pieces: writing articles, creating social media posts, taking photos, trying out podcasting equipment and more.	None	None
<b>Junior Automotive</b>	One Quarter	Students will be introduced to basic tools and materials, vehicle service and care, and engine fundamentals .	None	\$40.00

<b>Junior Construction</b>	One Quarter	Junior Constructiuron is the pre-requisite course to senior construction. In this course, you have a variety of modules to choose from that allow you to earn credits in construction. We begin with a basic safety module followed by a simple project to build. We create incredible projects that showcase students individuality and creativity while staying safe in the wood shop. There are over 55 modules that you can choose from in junior and senior construction so there should be something exciting for everyone!	None	\$40.00
<b>Junior Fabrication</b>	One Quarter	Students develop knowledge and skills in the use of basic hand tools and materials used in welding processes, with the opportunity to transform common metals into useful products.	None	\$80.00
<b>Language Arts 9</b>	All Year	The Language Arts 9 course focuses on bringing personal knowledge and experience to the texts as well as exploring those texts through discussion with others. Many important concepts are repeated throughout including character, theme, and structural features of text and then taking that knowledge to create texts of personal interest.	None	None
<b>Law 30</b>	One Semester	Students enrolled in Law will learn about the history of law, legal concepts, precedent setting cases, criminal law, and new legislations.	None	None
<b>Leadership 9</b>	One Quarter	Students acquire group and leadership skills while planning events and activities for students and staff at Charles Spencer.	None	None
<b>Math 10C Prep</b>	One Semester		Recommendation from Math 9 teacher.	None
<b>Math 9</b>	One Semester	Math 9 is mandatory for all Grade 9 students.	None	None
<b>Mathematics 10-3</b>	One Semester	Diploma track course, recommended for students who are below 59% in Math 9.	Recommended for students with 59% or lower in Math 9.	None
<b>Mathematics 10C</b>	One Semester	Academic track course designed to prepare students for most university and college programs.	Recommended for students with 60% or higher in Math 9.	None
<b>Mathematics 20-1</b>	One Semester	Academic track course designed to prepare students for Math and Science based university programs.	Recommended for students with 75% or higher in Math 10C.	None
<b>Mathematics 20-2</b>	One Semester	Academic track course designed to prepare students for many university and college programs.	Recommended for students with 50% or higher in Math 10C.	None

<b>Mathematics 20-3</b>	One Semester	Diploma track course, fulfills the math requirement for the Alberta High School Diploma and many Trades programs.	Prerequisite - 50% in Math 10-3 or 40-49% in Math 10C.	None
<b>Mathematics 30-1</b>	One Semester	Academic track course designed to prepare students for Math and Science based university programs.	Recommended for students with 75% or higher in Math 20-1.	None
<b>Mathematics 30-2</b>	One Semester	Academic track course designed to prepare students for many university and college programs.	Recommended for students with 60% or higher in Math 20-2 or 40-49% in Math 20-1.	None
<b>Mathematics 30-3</b>	One Semester	Diploma track course, geared towards entering the work world or many Trades programs.	Prerequisite - 50% or higher in Math 20-3 or 40-49% in Math 20-2.	None
<b>Mathematics 31</b>	One Semester	Academic track course designed to prepare students for Math and Science based university programs. There is no diploma for exam for Math 31.	Math 30-1 is a prerequisite or co-requisite for Math 31.	None
<b>Mathematiques 10C</b>	One Semester	Academic track course designed to prepare French Immersion students for many university and college programs.	Recommended for students with 60% or higher in Mathematiques 9.	None
<b>Mathematiques 20-1</b>	One Semester	Academic track course designed to prepare French Immersion students for Math and Science based university and college programs.	Recommended for students with 75% or higher in Mathematiques 10C	None
<b>Mathematiques 20-2</b>	One Semester	Academic track course designed to prepare French Immersion students for many university and college programs.	Recommended for students with 50% or higher in Mathematiques 10C.	None
<b>Mathematiques 30-1</b>	One Semester	Academic track course designed to prepare French Immersion students for Math and Science based university and college programs.	Recommended for students with 75% or higher in Mathematiques 20-1	None
<b>Mathematiques 30-2</b>	One Semester	Academic track course designed to prepare French Immersion students for many university and college programs.	Recommended for students with 60% or higher in Mathematiques 20-2 or 40-49% in Mathematiques 20-1.	None
<b>Mathematiques 9</b>	One Semester	Mathematiques 9 is mandatory for all students in French Immersion.	Mathematiques 8	None
<b>Military Studies 15</b>	One Quarter	Military Studies 15 focusses on Canada's involvement in World War I and World War 2.	None	None
<b>Modern Tourism 9</b>	One Quarter		None	None

<b>Nails</b>	One Semester	The nail course covers the basic structure of fingernails, identifying conditions of the hands and fingernails, and performing basic manicures. Students will learn techniques to enhance the appearance of fingernails and develop skills used to apply simple nail art. Students will also learn the techniques used to apply gel and acrylic nails.	None	\$70.00
<b>Orchestra</b>	All Year	The Charles Spencer Orchestra is a string orchestra for students in Grades 9-12.	A basic ability to play a string instrument is required.	None
<b>Orchestra 9</b>	All Year	The Charles Spencer Orchestra is a string orchestra for students in Grades 9-12.	A basic ability to play a string instrument is required.	\$20.00
<b>Outdoor Pursuits 10</b>	One Quarter	Students who are interested in experiencing and learning about the outdoors will enjoy Outdoor Pursuits. A wide variety of outdoor activities, as well as the opportunity to earn First Aid Training are all a part of this class.	None	\$60.00
<b>Outdoor Pursuits 20</b>	One Quarter	Students will become confident, knowledgeable, and responsible caretakers of the outdoor environment. A wide variety of outdoor activities, and well as field trips, are components of Outdoor Pursuits 20.	Prerequisite - Outdoor Pursuits 10	\$60.00
<b>Outdoor Pursuits 30</b>	Outside Regular Schedule	Special activities outside the regular timetable - students will become confident, knowledgeable, and responsible caretakers of the outdoor environment. A wide variety of outdoor activities, and well as field trips. Prerequisite - Outdoor Pursuits 20.	Prerequisite - Outdoor Pursuits 20	\$60.00
<b>Philosophies of Man 30</b>	One Quarter	Thinkers of civilization. Human interest questions will be examined in depth, to develop critical thinking skills. There is extensive discussion on a vast variety of topics.	None	None
<b>Photography 9</b>	One Quarter	Students will learn various photography methods and editing techniques in Photo 9.	None	\$20.00
<b>Phys Ed 10TB</b>	One Quarter	Phys Ed 10TB focuses on daily active living and meets the minimum requirement for PE for the Alberta High School diploma.	None	None
<b>Phys Ed 10TG</b>	One Quarter	Phys Ed 10TG focuses on daily active living and meets the minimum requirement for PE of the Alberta High School diploma.	None	None
<b>Phys Ed 20 Co-Ed</b>	One Semester	A continuation of PE10, with higher expectations of participation and more in-depth study.	Prerequisite - 50% or higher in PE 10	\$60.00
<b>Phys Ed 30 Co-ed</b>	One Semester	A continuation of PE20, with higher expectations of participation and more in-depth study. More emphasis on alternative and community based activities may be explored in PE 30.	Prerequisite - 50% or higher in PE 20	\$60.00

<b>Physical Education 10</b>	One Semester	Students are exposed to life-time sports and recreational activities from a variety of team and individual sports.	None	None
<b>Physical Education 9</b>	All Year	PE9 is a required course for all Grade 9 students, focussing on individual participation and team sports.	None	None
<b>Physics 20</b>	One Semester	Energy is the common theme in Physics 20. The 4 units of study are Kinematics, Dynamics, Circular Motion and Oscillatory Motion. Math 20-1 is complementary to Physics 20.	Recommended 60% or higher in Science 10.	None
<b>Physics 30</b>	One Semester	Physics 30 focuses on Energy, Change, Systems, Matter and Diversity. Momentum and Impulse, Forces and Fields, Electromagnetic Radiation and Atomic Physics are the main units.	Recommended - 60% or higher in Physics 20.	None
<b>Physiques 20</b>	One Semester	Energy is the common theme in Physiques 20. Kinematics, Dynamics, Circular Motion and Oscillatory Motion are the main units. Math 20-1 is complementary to Physics 20.	Recommended - 60% or higher in Science 10FI	None
<b>Physiques 30</b>	One Semester	Physiques 30 focuses on Energy, Change, Systems, Matter and Diversity. The main units are Momentum and Impulse, Forces and Fields, Electromagnetic Radiation and Atomic Physics.	Recommended - 60% or higher in Physiques 20.	None
<b>Positive Psychology 9</b>	One Quarter	Positive Psychology will focus on Social Emotional Learning (SEL), mindfulness practices, test taking, study skills and memory strategies.	None	None
<b>Robotic &amp; Computer Tech 10</b>	One Quarter	This is the gateway course for Computer Science, Robotics and Computer Tech. It's a great class to experience many aspects of computers, tech and robotics while earn a lot of credits and exploreing new skills.	None	\$20.00
<b>Robotics 20</b>	One Quarter	Robotics 20/30 is focused on robotic building, design, and programming to meet specific competition challenges. The course typically focuses on the annual robotic skills competition but be focused on alternative student intrests as well.	Robotic & Computer Tech 10	\$40.00
<b>Robotics 30</b>	One Quarter	Robotics 20/30 is focused on robotic building, design, and programming to meet specific competition challenges. The course typically focuses on the annual robotic skills competition but be focused on alternative student intrests as well.	Robotics 20	\$40.00
<b>Science 10</b>	One Semester	Academic track course designed to prepare students for most university and college programs.	Prerequisite - 60% or better in Science 9 and Math 9. Math 10C is strongly recommended if enrolled in Science 10	None

<b>Science 10FI</b>	One Semester	Academic track course designed to prepare students for most university and college programs.	Pre-requisite - 60% or better in Sciences 9 & Mathematiques 9. Mathematiques 10C is strongly recommended if enrolled in Sciences 10	None
<b>Science 14</b>	One Quarter	Diploma track course. Hands on, practical Science curriculum. Recommended for students with 59% or lower in Science 9 AND Math 9. Students who take Science 14 should also select Science 24.	Prerequisite - 59% or below in Science 9 and Math 9. Recommended to be enrolled in Math 10-3 to complement course material.	None
<b>Science 20</b>	One Semester	Academic track course designed to prepare students for many university and college programs. A combination of Biology, Chemistry and Physics are all covered in Science 20.	Recommended for students with 60% or better in Science 10.	None
<b>Science 24</b>	One Quarter	Diploma track course, fulfills the Science requirements for the Alberta High School Diploma.	Prerequisite - 50% in Science 14 or 40-49% in Science 10. Recommended to be enrolled in Math 20-3 to complement course material.	None
<b>Science 30</b>	One Semester	Prerequisite - 50% in Science 14 or 40-49% in Science 10. Students can take Science 24 in the same semester as Science 14.	Recommended for students with 60% or better in Science 20.	None
<b>Science 9</b>	One Semester	Science 9 is mandatory for all Grade 9 students.	None	None
<b>Sciences 20</b>	One Semester	Academic track course designed to prepare French Immersion students for many university and college programs. A combination of Biologie, Chimie and Physiques are covered in Sciences 20.	Recommended for students with 60% in Science 10 FI	None
<b>Sciences 30</b>	One Semester	Academic track course designed to prepare French Immersion students for many university and college programs. A combination of Biologie, Chimie and Physiques are covered in Sciences 30.	Recommended for students with 60% or better in Sciences 20.	None
<b>Sciences 9</b>	One Semester	Sciences 9 is mandatory for all French Immersion Students.	Sciences 8 - French Immersion	None
<b>Senior Automotive</b>	One Quarter	Students will extend their automotive knowledge and skills while working on Steering Systems, Electrical Components of Vehicles and Suspension Systems.	Junior Automotive	\$40.00
<b>Senior Construction</b>	One Semester	Senior Construction has a multitude of modules that students can choose from, to design and create their own intermediate wood projects. This class can be taken multiple times in a school year.	Junior Construction	\$50.00

<b>Senior Fabrication</b>	One Quarter	Students will extend their knowledge and skills of welding beyond the introductory level.	Junior Fabrication	\$40.00
<b>Sewing &amp; Textiles</b>	One Quarter	Learn the basics of sewing and working with patterns to create clothing. Embroidery, crochet, cross stitch, felting and quilting are areas of exploration as well.	None	\$40.00
<b>Social Studies 10-1</b>	One Semester	Academic track course designed to prepare students for most university and college programs. Increased emphasis on academic writing.	Recommended for students with 60% or higher in Social 9.	None
<b>Social Studies 10-2</b>	One Semester	Diploma track course. Same general content as Social 10-1, with an easier reading level and less emphasis on writing.	Recommended for students with 59% or lower in Social 9	None
<b>Social Studies 20-1</b>	One Semester	Academic track course designed to prepare students for most university and college programs. Increased emphasis on academic writing.	Recommended for students with 60% or higher in Social 10-1.	None
<b>Social Studies 20-2</b>	One Semester	Diploma track course. Same general content as Social 20-1, with an easier reading level and less emphasis on writing.	Recommended for students with 50% or higher in Social 10-2 or 40-49% in Social 10-1.	None
<b>Social Studies 30-1</b>	One Semester	Academic track course designed to prepare students for most university and college programs. Increased emphasis on academic writing.	Recommended for students with 60% or higher in Social 20-1.	None
<b>Social Studies 30-2</b>	One Semester	Diploma track course. Same general content as Social 30-1, with an easier reading level and less emphasis on writing.	Recommended for students with 50% or higher in Social 20-2 or 40-49% in Social 20-1.	None
<b>Social Studies 9</b>	One Semester	Social 9 is mandatory for all Grade 9 students.	None	None
<b>Spanish 10</b>	One Semester	Students will learn to use Spanish effectively and competently by learning to ask questions, provide basic personal information and indicate basic personal needs and wants.	None	None
<b>Spanish 20</b>	One Semester	Students will refine their knowledge and use of Spanish, learning how to share thoughts and ideas with others, and participating in many group activities.	Spanish 10	None
<b>Spanish 30</b>	One Semester	Students will be able to produce a simple report in Spanish, state and support a position, and ask questions to gain and knowledge and clarify understanding.	Spanish 20	None
<b>Spanish 9</b>	One Semester	Students will be introduced to the Spanish language and culture by learning simple phrases and conversational Spanish. This is a beginner level Spanish course.	None	None

<b>Sports in Society 30</b>	One Quarter	Sports play a giant role in contemporary society worldwide.
